

Find out what an independent
research firm had to say
about the SAC Initiative.

It's not just about elevating scores.
It's about elevating students.

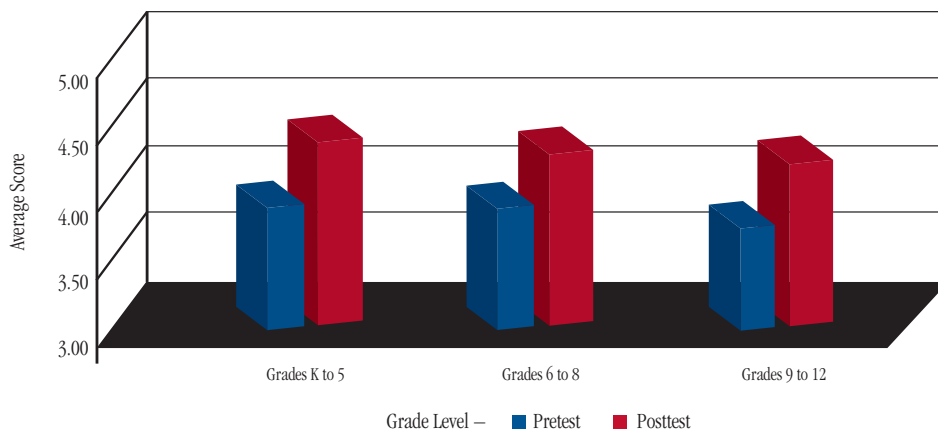

Multi-Year Research Study on SAC Effectiveness

MetriTech, Inc. conducted an independent assessment of the Standards-Aligned Classroom Initiative through pre and post surveys and interviews with participants over a three-year period. The data collected was consistent and significant and was as follows:

Overall, teachers who have adopted the SAC principles felt much more positively towards standards-aligned instruction and the Illinois Learning Standards.

Did Grade Level Affect the Degree of Change?

Teachers across grade level groupings from kindergarten through high school reported a significant increase in confidence in teaching the Illinois Learning Standards through their participation in the Standards-Aligned Classroom Initiative.

Did Years of Teaching Experience Affect the Degree of Change?

Teachers at all levels of experience reported increased confidence in teaching a standards-led classroom through their participation in SAC.
